Should or Must?

By Pastor Roger

Every year we do the same thing. "This year I am going to _____." We can all pretty much fill in the blank with any number of things we are going to do differently in the next year, and we can all testify that by February we have pretty much given up on whatever it was we were going to do differently. I often relate this to the disciples before they were filled with the Holy Spirit of God on the day of Pentecost. They made claims like, "I will follow you even to death!", said Peter. It wasn't months later, it wasn't even weeks or days later, it was literally hours later when we hear Peter deny he even knows who Jesus is. There is something to be said about resolutions we SHOULD do and resolutions we MUST do. The same is true for a relationship with Jesus we know we SHOULD have and a relationship with Jesus we MUST have.

If we SHOULD do something, it simply allows for an out, or an excuse as to why we didn't do what we should have done or acted the way we should have acted. If, on the other hand, we MUST do something, it then becomes a priority and we cannot let another day go by that we don't do it. God's Word demands that we have a "MUST" have relationship with Him not a "SHOULD" have relationship. The best word on this is found in

Deuteronomy 6:5-6 – "Love the Lord your God with all your heart and with all your soul and with all your strength. 6 These commandments that I give you today are to be upon your hearts." NIV (emphasis mine) The KJV says, "Thou shalt...." It is not "Thou should...." This is not an option, it is a command. Further, "...these words...shall be in thine heart....". "SHOULD" allows for options and in our present society we love options, because there might be something better that comes along tomorrow. In God's world there are no options. We MUST love the Lord and Him only. Just like New Year's resolutions that carry no weight when we make them based on what we SHOULD do, so the power of Holy Living will escape us when we only have a "SHOULD" have relationship with Jesus. You want to really make a difference in 2017? Change the perspective of how you view your relationship with Almighty God. It's no longer you "SHOULD" read and pray and share, it becomes, I "MUST" read and pray and share because God demands it! This will not only change your life it will change the lives of others around you as well.

I MUST move forward in 2017!!

Turn on the Power

By Pastor Judi

In our family, there are more girls than boys. That might be why Uncle Jeff was so excited when his younger sister presented the family with a baby boy, after several girls in a row.

Having been a farmer for years, Jeff could hardly wait until little Tristan could navigate well on his little feet! Jeff had a plan to ship him a big kid, power driven, riding John Deere tractor. His parents were surprised when the item arrived, shortly after Tristan's second birthday in February. For days they left it in the huge box, not sure when they would unpack it.

Finally they set their hands to the task, unpacked it and assembled it as an excited little boy looked on. They did not however, add the engine and rechargeable battery. (Not yet!)

In September, Papa and I made a trip to Portland to spend a wonderful week with Tristan and his family. Oh, how he delighted in showing us his "big boy" tractor. He sat in it, pushed buttons, steered the wheel, and smiled, all the while posing for pictures. Papa enjoyed helping him drive around the backyard patio.

Back home in Texas I shared the story with my sister-in-law and she loved it. Several days later she called to tell me that she had laughed all day each time she pictured little Tristan sitting in his tractor and going nowhere.

As she was chuckling about it, yet again, the Holy Spirit spoke these words to her: "Shadley, I have lots of children like that." He said. "Just sitting around, they are unaware that MY power source is within them."

WOW...His power. Here we are...embarking on 2017. What will we do differently? In Ephesians 3 verses 20-21 we read these words, "Now unto Him who is able to do above and beyond ALL that we ask or think—according to the POWER that works within you—to Him be glory IN THE CHURCH and in JESUS CHRIST to all generations..."

One day soon, Tristan's daddy will know that he has matured enough to take the wheel. He will add the power package to the John Deere and Tristan will navigate the sidewalks in the nearby park. Oh, the delight that will be his! Oh, the depth of his joy. What a ride he will have.

We are the Church! We have the power to right wrongs, power to win over the haunting of the enemy, and power to succeed when we've been told we can't. We have power to stick to a program of regularly digging into His Word and applying to our lives the instruction given to us. We have power to overcome! Why are we just sitting in our defeat? Grab the keys—turn on the engine—take a drive—be rejuvenated. Oh, the ride you will have in 2017 and beyond!
